

# maatGroup

---

This Services Market version is a trial beta. Its aim is to enable users see its benefits and advantages during trial period.

In this trial period, all apps & services included will be available with full functionality for free to those users that wish it.

At the end of this period, **maatGroup** will send an e-mail that will include an option to renew to all users who have contracted services through the Platform.

The users who wish to continue with the services provided by **maatGroup**, will be able to do through automatically renewing contract since this date. Otherwise, all application and services provided by **maatGroup** into trial period will be deleted

Thank you very much for working with us
